## 3. Summary

This report is covering the joint campaign activities in the North Sea JDP operational area for fisheries under the scope of the SCIP. The report provides overall summary information concerning the joint control activities that were carried out by air, sea and shore based assets and teams of the participating Member States from 1<sup>st</sup> of January till 30<sup>th</sup> of June, 2020. Due to the Coronavirus disease (COVID-19) pandemic outbreak, MS have adopted national measures to ensure the limitation of physical contact between their nationals to try to control the spread of COVID-19. This resulted in greatly decreased number of physical inspections at sea and in ports of landing.
