3. Selection procedure

A. Selection

A selection board is set up for the selection procedure. The principle of confidentiality is enshrined in Article 6 of Annex III to the Staff Regulations, which states that the proceedings of the selection board must be secret. It works in two ways: first, it imposes obligations to ensure equal treatment for candidates; and second, it seeks to protect the selection board to ensure that its decisions are totally impartial.

The selection board adheres strictly to the conditions of admissions laid down in the publication notice when deciding whether or not candidates are to be admitted. Candidates admitted to a previous selection procedure will not be automatically eligible.

The applicants are informed on the composition of the selection board. Interviews are planned to take place in **October 2020**. Candidates are not allowed to contact personally members of the selection board, either directly or indirectly, in relation to the competition. Any infringement of this rule constitutes ground for disqualification from the selection procedure.

Should the selection board discover, at any stage in the procedure, that the candidate does not meet one or more of the general or special conditions for admission to the selection procedure or that the information on the application form does not correspond with the supporting documents, the candidate will be disqualified.

The selection board decides on those candidates who are admitted to the selection procedure in accordance with the requirements as specified in the publication notice. The applications of the candidates admitted to the selection procedure are reviewed and the selection board decides on those candidates who are invited to attend for interview. Only short-listed candidates will be contacted.

The interviewees will be asked to undergo a written test involving at least an anonymous qualifying part, a part aiming at assessing the specific competences required for the job and a part aiming at assessing the general competencies required for European Union temporary staff. These parts may be grouped into one or more parts.

Following the interviews, a reserve list of suitable candidates will be set up.

B. Reserve list and recruitment

Each candidate interviewed will be informed by letter whether or not he/she has been placed on the reserve list. The validity of the reserve list is up to 2 years from the date of the letter informing the candidate and may be extended. Therefore, candidates whose name will be put on a reserve list could be offered a contract during this period of time. Candidates should note that inclusion on the reserve list does not guarantee recruitment. The recruitment procedure is as follows: as and when funds become available, candidates on the reserve list will be considered and the reserve list will be drawn on to fill vacancies. If a letter of intention is issued, the candidate must undergo a compulsory medical examination to establish that he/she meets the standard of physical fitness necessary to perform the duties involved and the candidate must provide original or certified copies of all relevant documents.

The Agency employs Temporary Agents in accordance with the Conditions of employment of other servants of the European Communities, on 3 years' contracts with the possibility of extension for 3 further years and the possibility of a second extension which would convert these contracts into indefinite contracts.

Successful candidates who are recruited undergo an initial probation period of 9 months.

C. Pay and welfare benefits

The pay of staff members consists of a basic salary weighted by the correction coefficient (for Spain currently 91.6 %) and of additional allowances and deductions.

Basic Salary: There is a basic salary scale for each grade, divided into a number of steps. Staff members progress automatically to the next step every two years until they reach the top of the scale for that grade. The basic monthly starting salary for the first step is 7.072,70 Euro and for the second step 7.369,90 Euro in the grade AD8 (figures in Euro valid as of 1 July 2019 do not include any allowances).

Temporary Agents at EFCA shall be appointed to the grade set out in the notice of the selection procedure they have passed. In accordance with Art. 32 of the Staff Regulations a Temporary Agent shall be recruited at the first step in his grade. EFCA may allow additional seniority up to a maximum of 24 months (which corresponds to one additional step above step 1) to take account of professional experience. Any duly certified professional activity connected with one of EFCA's areas of activity shall be taken into account. Any given period may be counted only once.

Allowances: In addition to their basic salary, staff members may be entitled to various allowances, in particular an expatriation or foreign residence allowance (depending whether the candidate has left his/her Member State to take up employment with the EFCA), and family allowances (depending on personal circumstances): household allowance, dependent child allowance, preschool allowance, education allowance.

Deductions: The salaries of staff members are subject to a Community tax deducted at source. Staff members are exempt from national tax on salary and contribute as members of the Community social security to insurances and the pension scheme.
