The report provides summary information concerning the joint control activities that were carried out as from the 5<sup>th</sup> of January 2015 until the 31<sup>st</sup> of March 2015.

2. **General objective**

The general objective of the campaign was to ensure compliance with the requirements of Commission Implementing Decision 2013/305/EU and the cod recovery measures as specified in Council Regulation (EC) No 1098/2007, by means of a coordinated programme of inspections of fishing vessels, at sea and at the ports of landing.

3. **Specific objectives**

Specific objectives were established by the BS Steering Group. The Technical Joint Deployment Group (TJDG) prioritised these specific objectives for the different sub-areas.

The following specific objectives were implemented during the joint campaign operations:

- a) to inspect vessels and/or catches coming from vessels likely to catch cod, herring, salmon and sprat, which have been identified by risk analysis as liable to be in contravention of fishery conservation measure,
- b) to carry out cross check of information concerning transport of fish,
- c) to monitor and evaluate the compliance with the requirements of the accurate recording of discards in log-books by masters of fishing vessels.
