2. **General objective**

To ensure compliance with the requirements of Commission Implementing Decision 2013/328/EU and the cod recovery measures as specified in Council Regulation (EC) No 1342/2008 by means of a coordinated programme of inspections of fishing vessels, at sea and in ports of landing.

3. **Specific objectives**

Specific objectives were adopted by the NS JDP Steering Group and prioritised by the Technical Joint Deployment Group and included:

- a) to inspect vessels and/or catches coming from vessels likely to catch cod which have been identified by risk analysis as liable to be in contravention of fishery conservation measures,
- b) to promote, monitor and evaluate the compliance with the landing obligation and the accurate recording of discards in logbooks by masters of fishing vessels,
- c) to carry out cross check of information concerning transport of fish ashore.

4. Summary of activity

a) Inspections ashore

During this joint campaign period 600 tonnes of demersal species were inspected at landing. In total, there were 294 inspections carried out ashore with 7 suspected infringements detected on 3 fishing vessels.
