The following specific objectives were implemented during the joint campaign operations:

- a) to inspect of vessels and/or catches coming from vessels likely to catch cod which have been identified by risk analysis as liable to be in contravention of fishery conservation measures,
- b) to promote, monitor and evaluate of the compliance with the landing obligation and the accurate recording of discards in log-books by masters of fishing vessels,
- c) to carry out inspections to identify real-time closures areas and monitor the compliance with real-time closures areas,
